

SPRING 2014, ISSUE 1

Jewett Roofing Company recently won the prestigious John R. Burt award at the Duro-Last National Sales Seminar in Orlando, Florida. This marks the third time Jewett Roofing has been awarded this top honor.

Here when you need us

During a recent storm, high winds had torn a large flat roof section loose from a local church. When the phone rang, our team quickly mobilized and headed for the site.

It was apparent a total reroof would be needed, in addition to emergency repairs to prevent further damage to the church. Our operation team worked quickly to cover the roof, while the sales team met with the insurance company to work towards a viable solution. After emergency repairs were completed, and an estimate for a complete tear off and replacement was submitted, Jewett Roofing was quickly awarded the job and began the installation of a new Duro-Last roof.

The speed and efficiency of our response was greatly appreciated by the church, and they were able to continue their normal operations without incident while the new roof was installed.

If you find your business or organization in this situation, give Jewett Roofing a call. We are available 24/7 to respond to your emergency and protect your

Quality & Award Winning

Jewett Roofing Co. recently traveled to Orlando, Florida for the Duro-Last National Sales Seminar and Awards Banquet. Jewett Roofing Co. was recognized for achieving the highest level of quality, the Elite Master Contractor, as well as the John R. Burt Sales Award.

The Elite Master Contractor certification is awarded to Duro-Last Roofing Contractors who consistently achieve the highest scores for quality installations. Every roofing project is thoroughly examined by Duro-Last inspectors. Jewett Roofing is happy to continue to be recognized for their superior installations.

Additionally, Jewett Roofing was awarded the John R. Burt Sales Award. The John R. Burt Award, named after the Duro-Last founder, is awarded to contractors who achieve Duro-Last sales in excess of \$1,000,000 annually.

Jewett Roofing Co. has achieved the Elite Master Contractor certification for 15 straight years, and has won the John R. Burt award on three occasions.

Continued Growth

Jewett Roofing Company's Colorado office is owned and operated by Eric Jewett who spent many years serving as VP of Marketing and Sales for Jewett Roofing Company's headquarters in Illinois. In 2010 he spearheaded the first prototype launch of the 'Jewett Roofing Company Model' that Dan and Eric worked on developing since the mid-90's. This foundational work has proven successful as the Colorado office has experienced solid growth with positive customer feedback throughout their first years in Colorado.

Dan Jewett, along with the Illinois and Missouri offices, bring additional business and technical experience to the Colorado team. All Jewett offices regularly collaborate in developing best practices between the local offices instilling an environment of 'continual improvement'. Inter-office 'talent swaps' are in the works for 2014 as all offices look to refine their practices and continually improve the customer experience.

Spring Time is Maintenance Time!!

Clogged drains, blocked downspouts, debris and loose seams can all lead to major roof problems when the spring rains arrive. Inspecting the roof penetrations, perimeter, and seams are all essential to ensure your facility stays dry. Inspect your roof now to prevent costly damage to your facility. Our trained service technicians are available to perform your roof inspection. Call today to set up an appointment.
